

PINPOINT® II Oxygen Monitor

DESCRIPTION

The **PINPOINT® II Oxygen Monitor** will quickly and accurately display a digital readout for dissolved oxygen in either % oxygen or ppm saturation.

The **PINPOINT® II Oxygen Monitor** is an extremely good value, considering its high precision and ruggedness.

This is the #1 preferred oxygen monitor in the aquaculture industry. The commercial aquaculture market purchases a significant number of these units on a very regular basis.

This meter is very field portable and fits inside a shirt pocket.

- The probe is a high performance polarographic type, which uses pre-loaded Teflon membrane caps and electrolyte fluid.
- Measurement Range: 00.0 – 20.0 ppm.
- The **PINPOINT® II Oxygen Monitor** comes complete with Membrane caps and electrolyte fluid, a high performance probe with 5-foot cable and meter.
- Extra Membrane Cap / Fluid kits are available.
- The 4-meter probe extension cord is an optional accessory.
- Given proper care, the **PINPOINT® II Oxygen Monitor** should last a lifetime.
- Powered by a standard 9-volt battery (not included).

- Optional [AC Adaptor Kit](#).

- Replacement [Membrane Cap and Fluid Kit](#)

- Optional [4-meter probe extension cord](#).

- Replacement [Oxygen Probe](#)

American Marine Inc

PINPOINT® II Oxygen Probe

A high performance replacement probe for the *PINPOINT® II Oxygen Monitor*.

***PINPOINT® II Oxygen Monitor* Membrane Cap and Fluid Kit**

The Membrane Cap at the end of the probe should be changed when necessary to ensure optimum performance.

***PINPOINT® II Oxygen Monitor* Extension Cable.**

A 10 foot (3 meter) extension cable for the *PINPOINT II Oxygen Monitor*.
