

## Freshwater Aquatic Macroinvertebrate Insect Identification Flashcards

Order Code 5882-SA1 | NH [1]

Use this set of 18 full color flash cards alone or as an addition to any macroinvertebrate activity. [Included in the Leaf Pack Experiments Stream Ecology Kit, see pg. 8]. The front of each card features a full-color photograph of a common macroinvertebrate in its natural environment. A list of dichotomous characteristics, a measuring scale, and detailed drawings on the back of each card aid in the identification process. Helpful notes prevent confusion between macroinvertebrates with a similar appearance. A hole can be punched in the wide border of the laminated cards so they can be organized on a ring for field or classroom use.
